<b>4:00</b>			<div style="background-color: #e0ffe0; padding: 2px;"> <b>Endocrine Wkshps/ Pituitary Conf*</b>                      4:00-5:00P* FMP 132                       *4<sup>th</sup> Wed: <b>Pit Tumor Conf</b>,                      5:00-6:00P, Neurosurgery, TMP 4                 </div>	<div style="background-color: #e0ffe0; padding: 2px;"> <b>Diab Conf/ J-Club (wks 1&amp;3)</b>                      4:00-5:00P                      FMP 132                 </div>	<div style="background-color: #e0ffe0; padding: 2px;"> <b>Bone Conf/ J-Club (wks 2&amp;4)</b>                      4:00-5:00P                      FMP 132                 </div>			
<b>5:00</b>								

**Notes:**

- For Adult Endo clinics, confirm start times in Epic or with faculty/admin staff 1 day prior. For clinics outside Section, please check 2-3 days prior to be sure in session.
- If previously assigned clinic not in session, select another concurrent clinic (check in Epic or with Program Director.)
- Weekend/holiday call begins at 5 PM on Friday (or day before holiday) and extends to 8AM on Monday (or first workday after holiday.)
- In case of emergency/illness, call Program Coordinator and email Program Director. VA/Clinics 2 fellow covers the Clinics 1 fellow; the Clinics 1 fellow covers the inpatient service.
- Attendance at all endocrine conferences is mandatory for all fellows during first 2 years. Attendance encouraged but optional during year 3.
- Fellows must attend VA Longitudinal Clinic at the VA during their (first) 2 clinical years of fellowship; 4 years for short-track fellows
- Fellows are required to perform & log 10 supervised US-guided thyroid FNAs, 5 CGM readings, and 5 DXA readings during their (first) 2 clinical years of fellowship.
- Fellows should attend at least one of each of the following procedures in during their (first) 2 clinical years of fellowship: Thyroid Scan, I-131 therapy, IPSS, adrenal vein sampling, pituitary surgery, thyroidectomy, parathyroidectomy, laparoscopic adrenalectomy, and pancreatic neuroendocrine tumor resection.
- Additional clinic experiences (Thyroid U/S, Reproductive Endocrinology, Pediatric Endocrinology, Pediatric Diabetes, Endocrine Surgery, Nuclear Medicine, Cytopathology, Retina, Insulin Pumps/Sensors) should be arranged by the fellow during elective time or on an *ad hoc* basis.
- All vacations/absences must be pre-approved by Program Director/Program Coordinator.
